

How To Create a New Document in Pages

Difficulty - Easy

Step 1 - Open Pages, Create Document

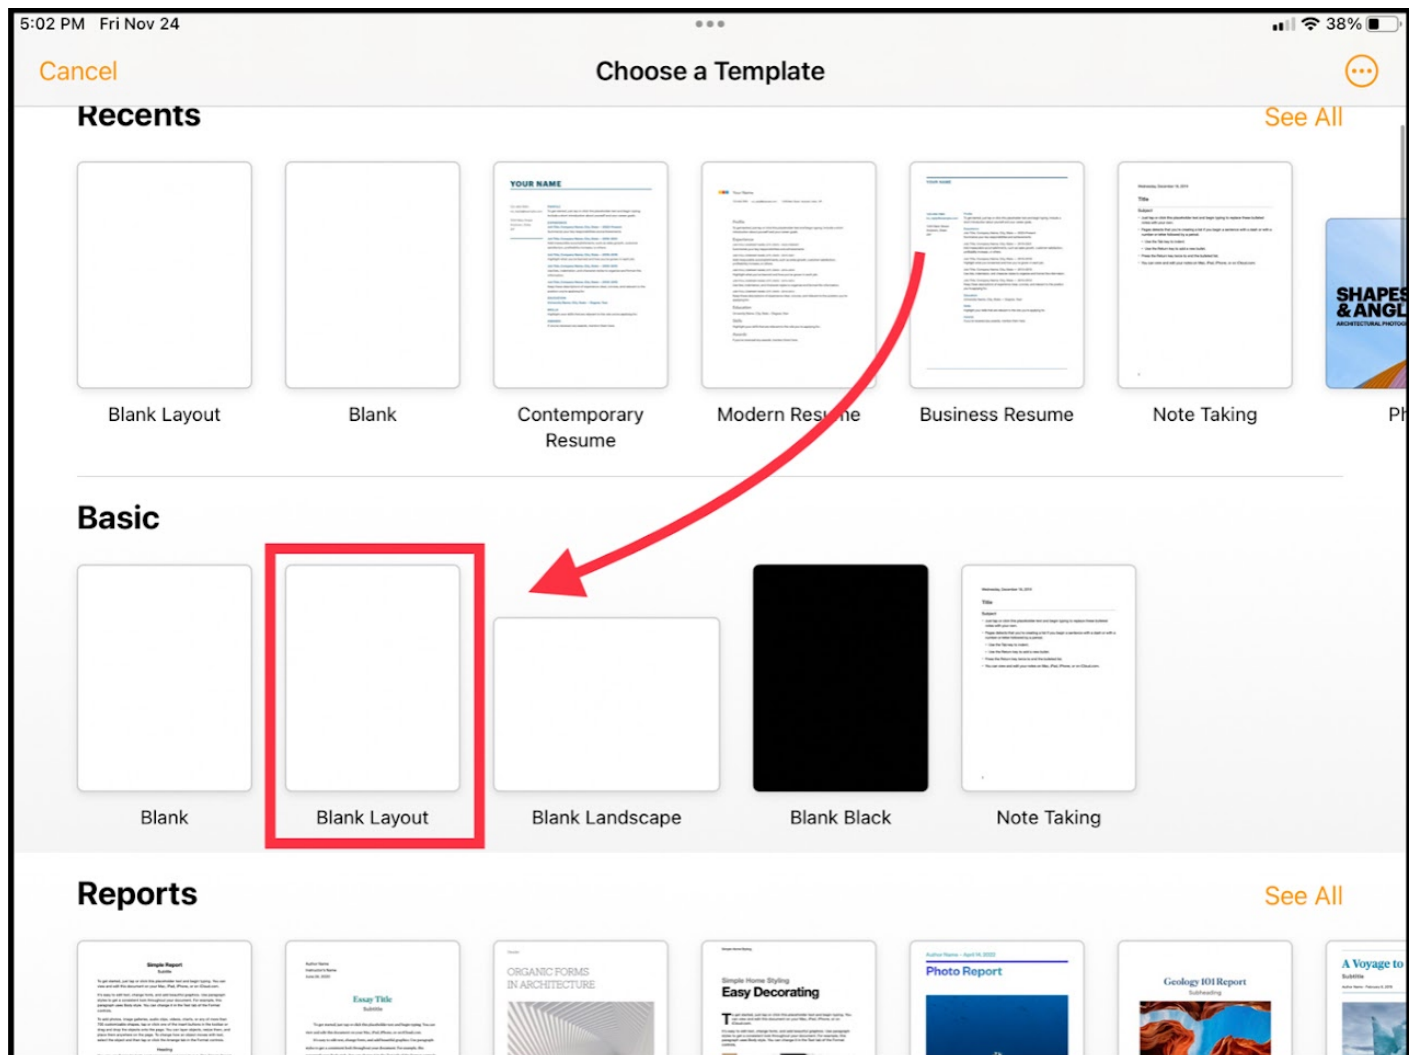

Open up the "Pages" application on your iPad. Select either the plus button on the top right, or the "Create Document" option on the screen.

Step 2 - Choose Template

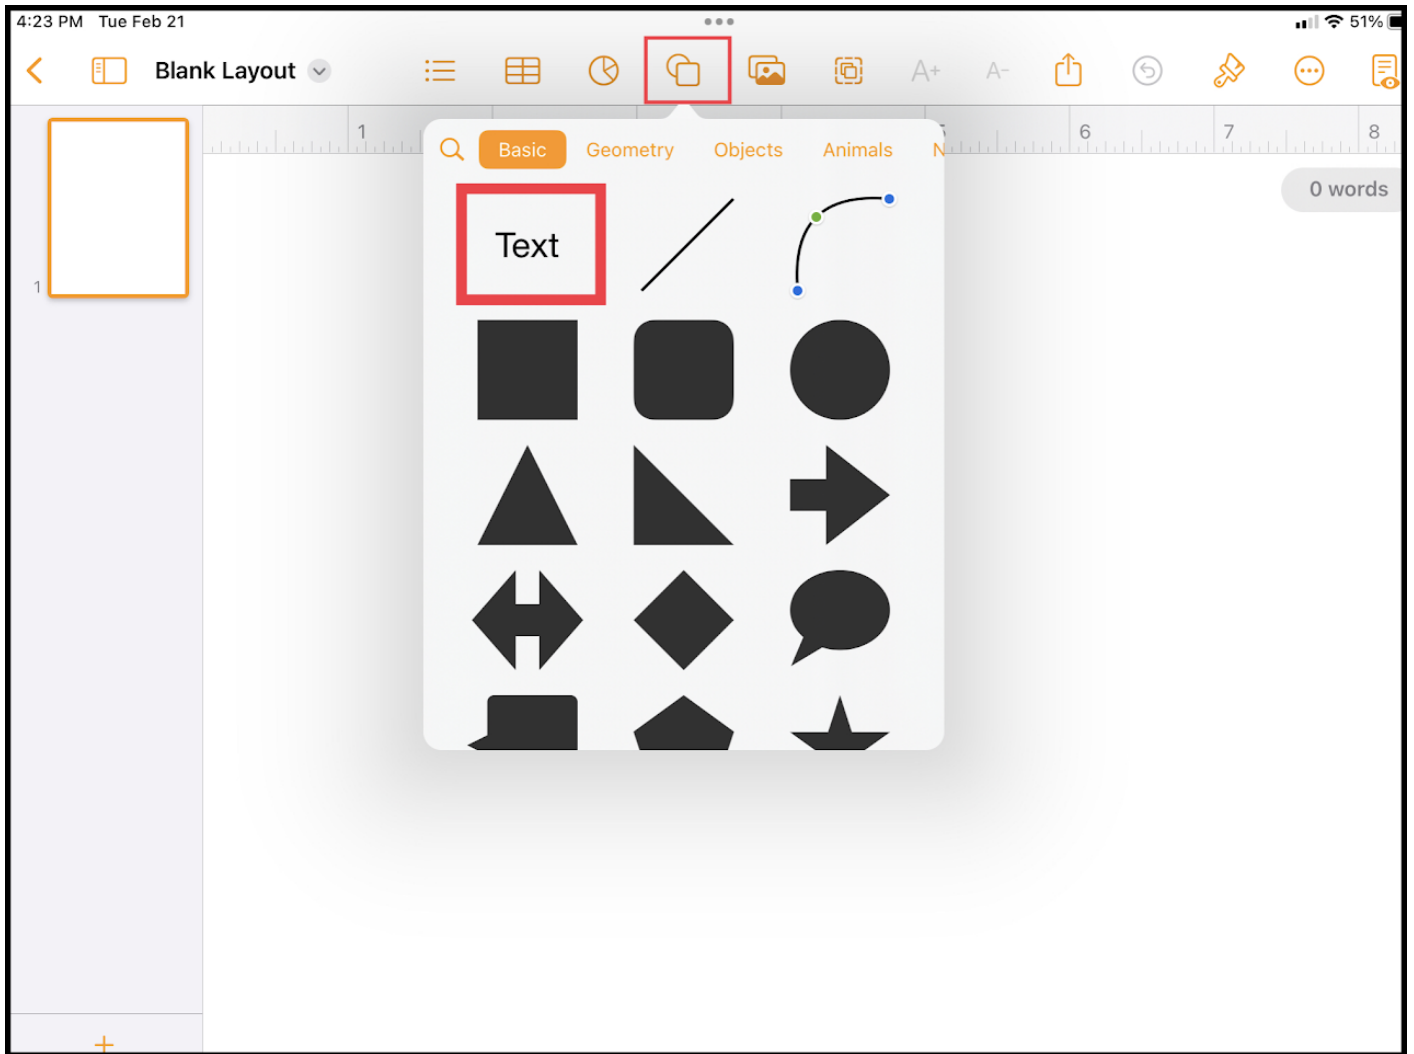

Select a template of your liking. For a standard letter (8.5 x 11 in) paper, select "Blank Layout".

Adding additional pages to a file created with a template will add blank pages.

How to add text in "Blank Layout"

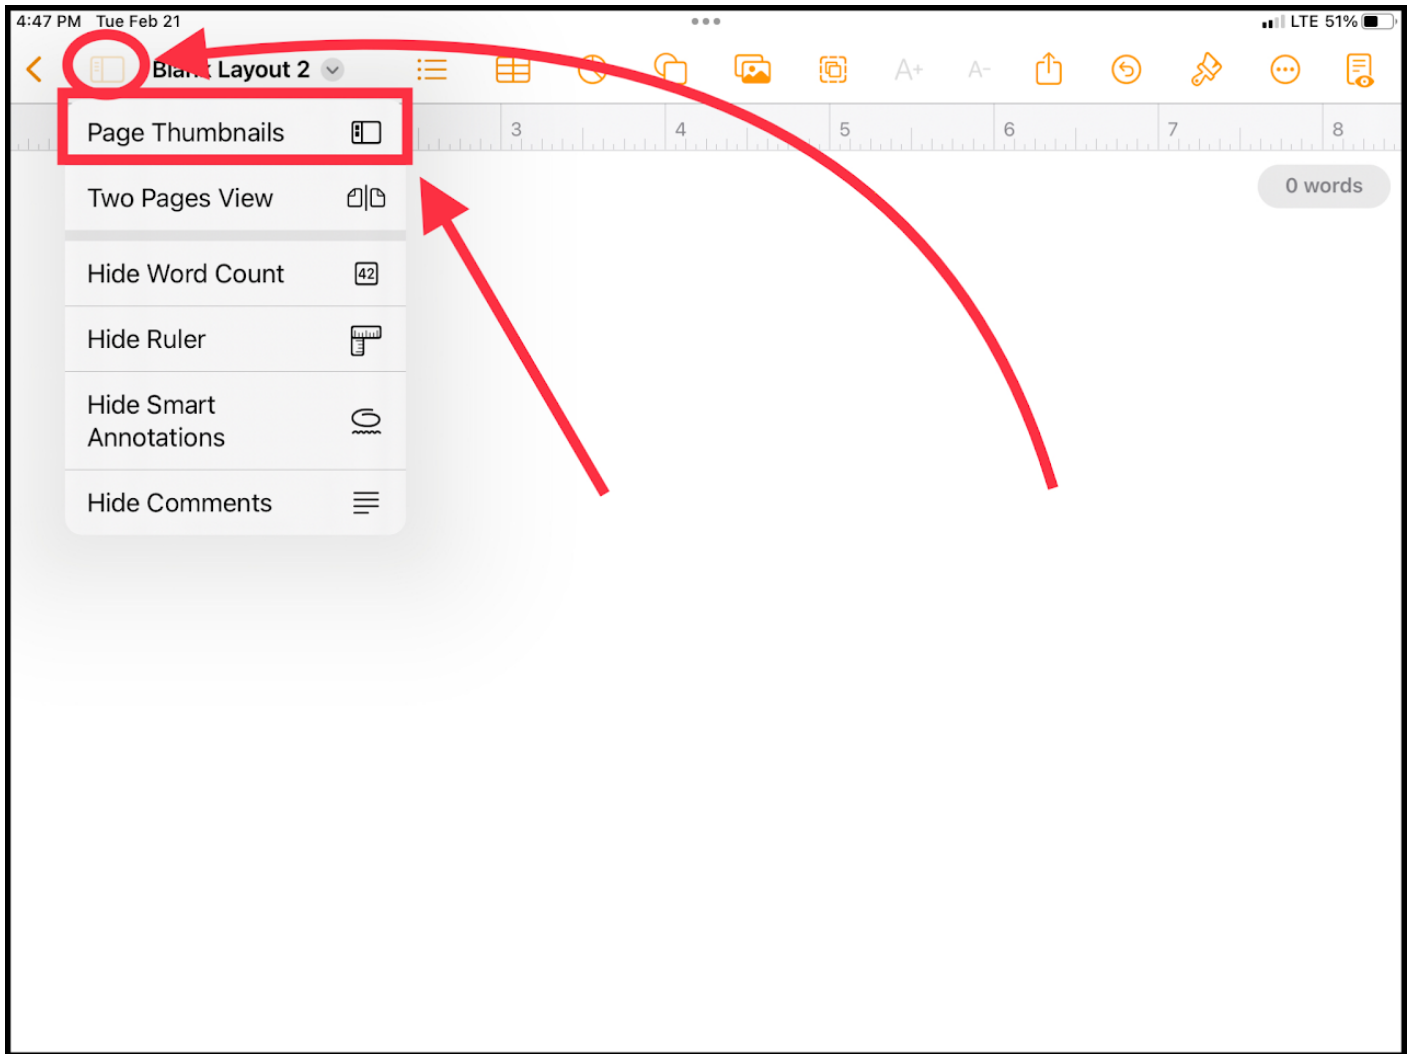

In order to type in the newly created document, create a text box using the "Objects" icon on the top of screen, and selecting text.

How to add pages in "Blank Layout"

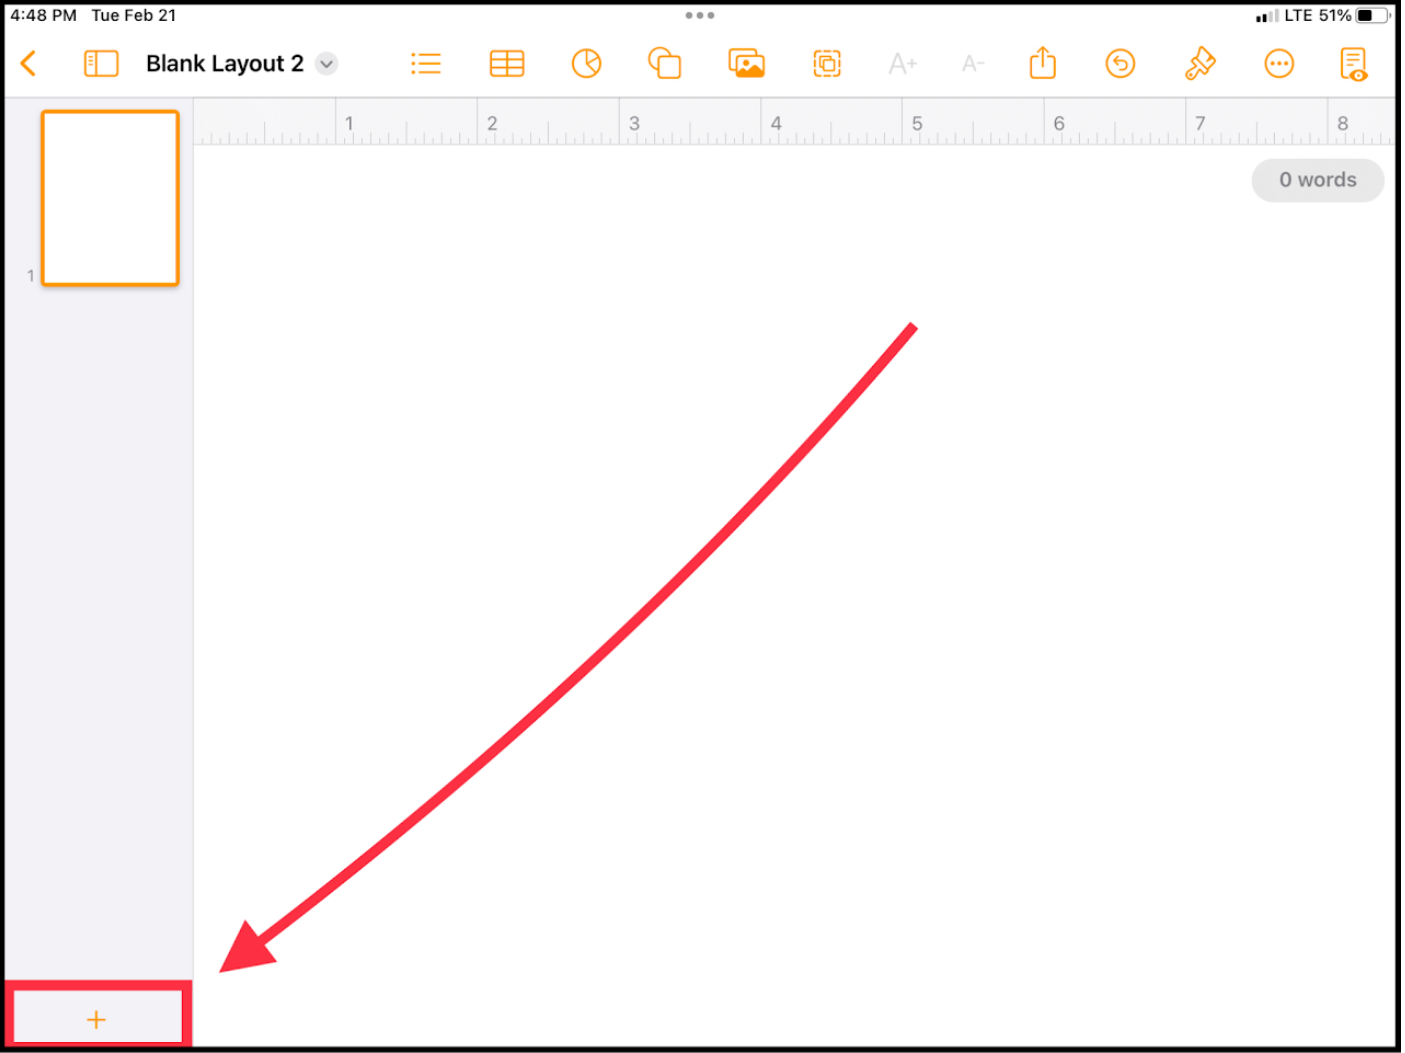

Step 1 - Enable "Page Thumbnails"

On the top left of the screen select the "side bar" icon and enable "Page Thumbnails"

Step 2 - Adding New Pages

Tap the plus icon at the bottom of the page thumbnails list.
