

How To Embed Web Videos in Pages

Difficulty - Easy

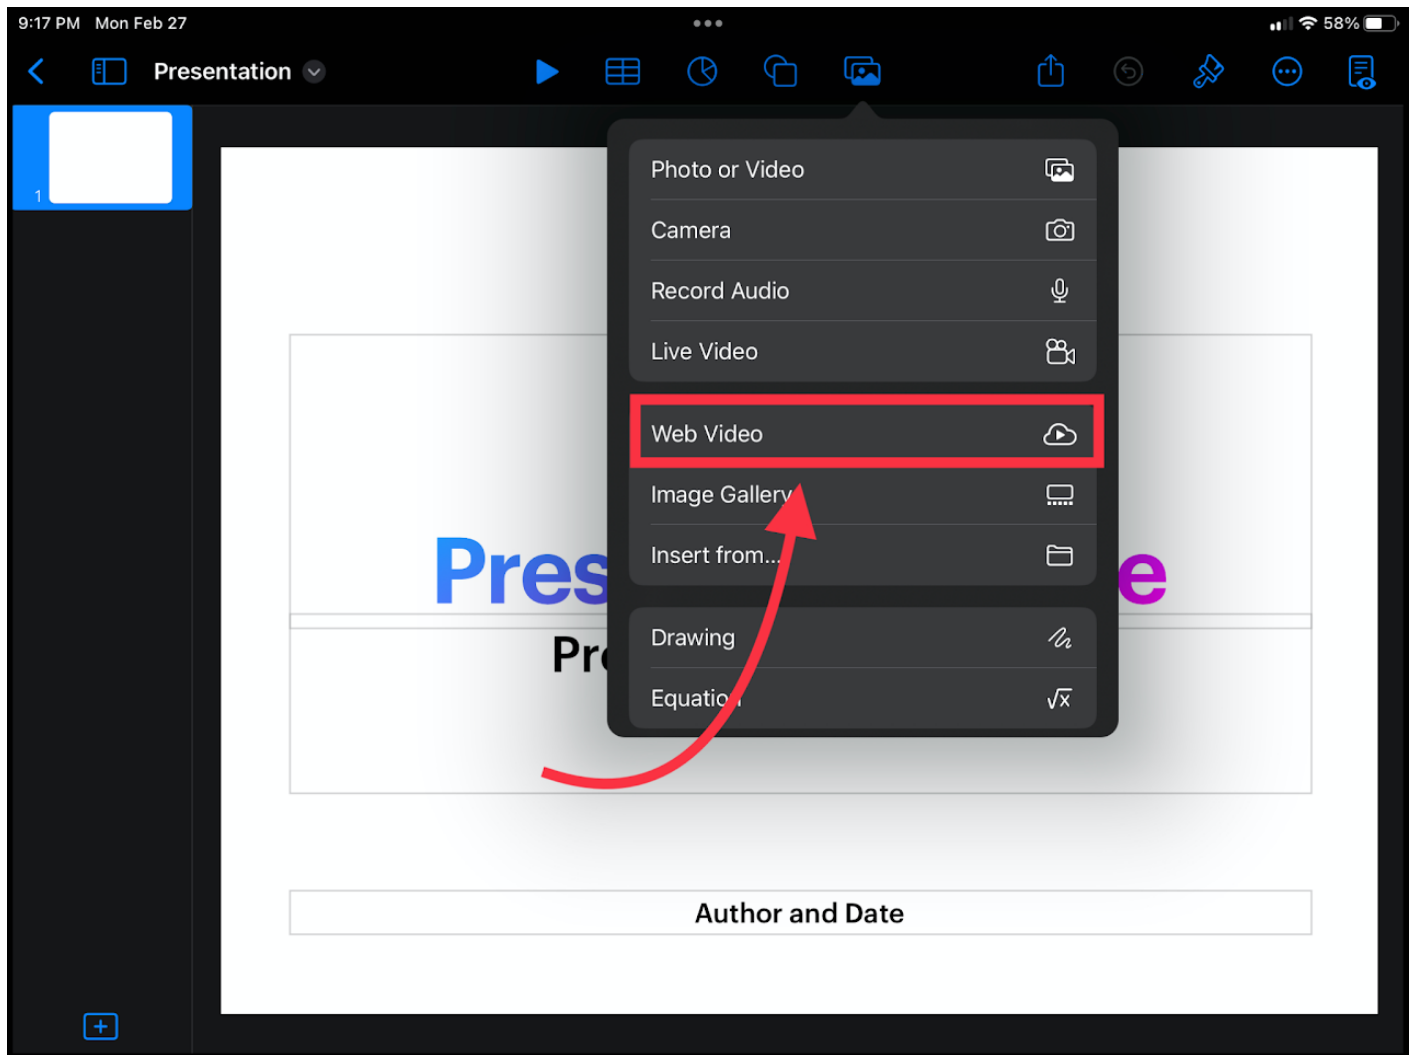

Step 1 - Navigate To The Media Menu

Tap on the **media icon** (Stack of Pictures) on the top of your screen.

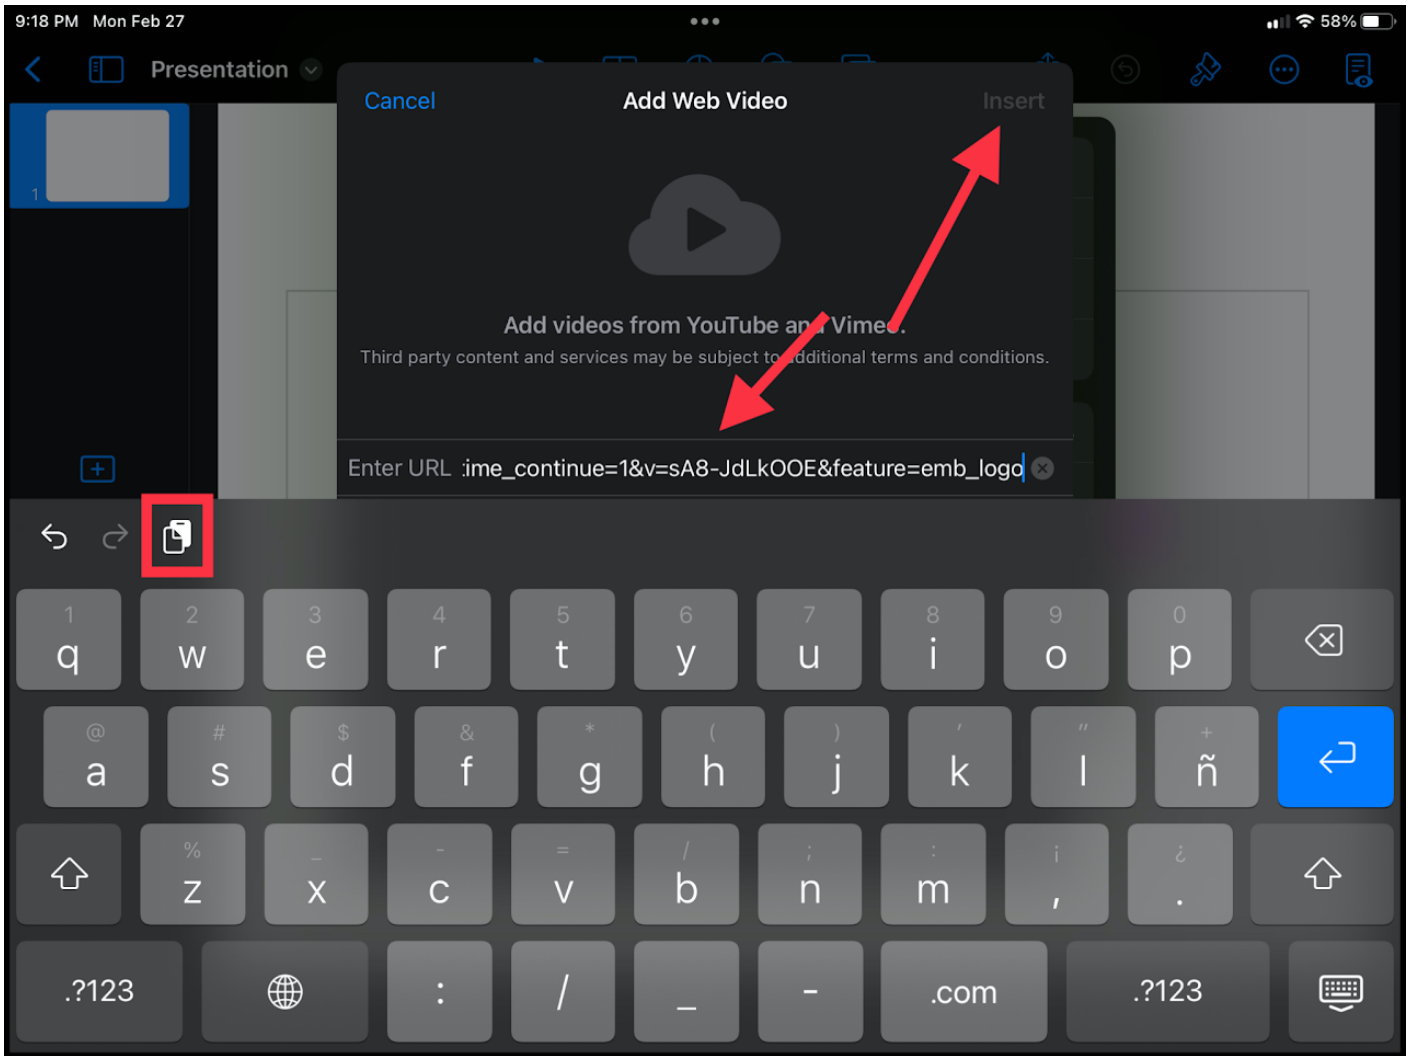

Step 2 - Add Web Video

Select "Web Video" option within the media menu.

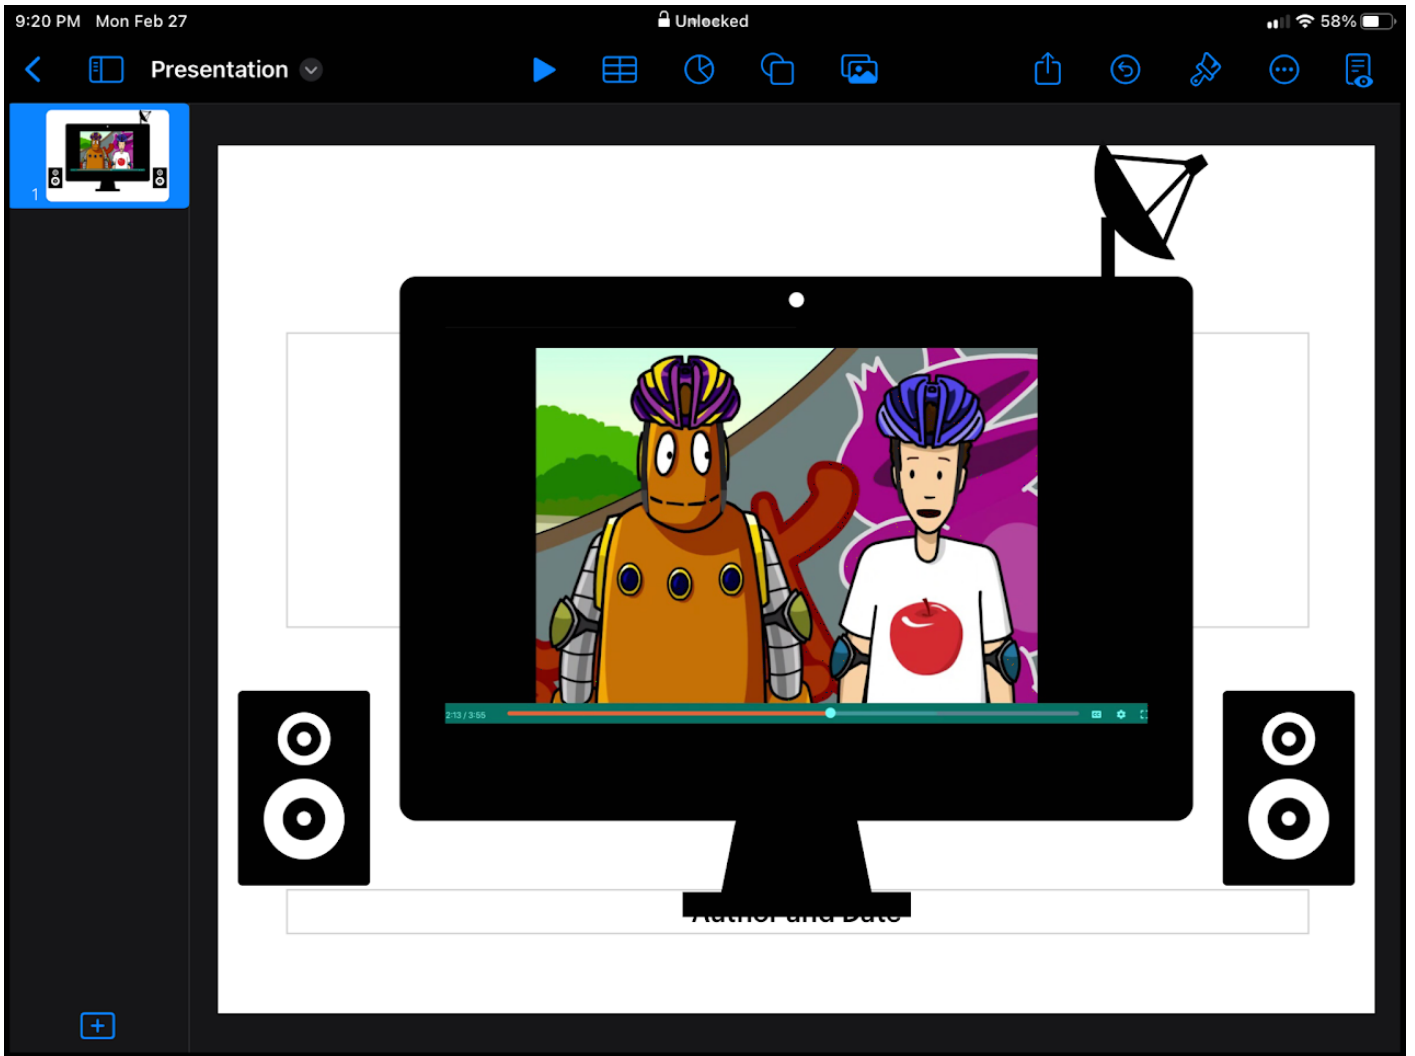

Step 3 - Insert Video

Paste the link of the video you'd like to insert in the "Enter URL" box.

Optional - Add Some Flair To The Document

You can add some flair to your document by adding icons, such as a computer icon from the objects menu (located to the left of the media menu). You can also add some speakers or even an antenna.
